## Get crafty

**Jane Rolfsmeyer** of Oregon recently opened **The Craftin' Cabin by the Lake**, just outside of Edgerton on Lake Koshkonong.

The cabin provides a getaway for women, their friends and family to work on scrapbooking, quilting, stamping or any other crafty hobbies. Rental of the cabin includes use of the entire house with sleeping and workstations for up to eight. The kitchen is stocked with everything needed to prepare favorite meals, with guests supplying the food.

Scrapbooking caught Rolfsmeyer's interest after her children were born in the late '90s, and she has always had a passion for home remodeling and decorating. By combining the two interests, she has managed to create a business that she loves. Rolfsmeyer also has a background in marketing, and degrees in graphic design and small business operation.

## A tea store at your door

Native Madisonian **Maleah Moskoff** has opened **Cha Cha Tea, LLC**. The online store is a green company, sourcing 100 percent post-consumer recycled label stock, using minimal packaging and preferring e-mail updates over printed direct mailings. As a member of Dane Buy Local, Maleah employs local companies for printing and promotions.

Moskoff brings her expertise in tea to Madison in three ways: tea tastings, tea consulting and web sales. She offers in-home, or office, tea tastings and demonstrations — currently available at businesses like The Froth House and The Dardanelle's on Madison's west side.

In addition to offering organic and Fair Trade loose-leaf tea, Cha Cha Tea offers teaware and tea accessories. Call 347-4546 or e-mail [chachatea@mac.com](mailto:chachatea@mac.com) to schedule a tasting or consultation. Or shop at [www.chachatea.net](http://www.chachatea.net).

## Calluna on the move

**Calluna Graphic Design** — specializing in business identity development, book and periodical layout and typesetting, and web design and development — has recently relocated. Owner and operator **Heather Martin** has moved the small business from her home to 203 1/2 E. Main St., Mount Horeb, above Bergey Jewelry. This move will allow the company to add employees and expand its services.

Martin graduated cum laude from the graphic design program at Edgewood College. She has been working as art director at JOY Publications while raising her two children and growing her business. For more information, visit [www.callunagraphics.com](http://www.callunagraphics.com).

## Lash out

**Amy Dickerson**, licensed and certified with **Xtreme Lashes®**, an eyelash extension business, has relocated to Madison. While most of the 150-plus people she's lashed have been special occasion clientele, Dickerson has been sought out by several film professionals including Julie Herrin, the producer of the new Johnny Depp movie being filmed in the area.

Xtreme Lashes™ are semi-permanent, shaped and polished to replicate the natural eyelash. Wearers can have long, natural-looking eyelashes 24 hours a day, seven days a week without the use of mascara or an eyelash curler.

Dickerson has been involved in the health and beauty industry for several years and holds a license in aesthetics as well as certifications in body treatments and professional make-up application. She regularly travels to
